

ConnectSecure Pricing

Scalable, pay-as-you-go pricing? Check.

We know how much our customers value predictable cost and pay-as-you-go contracts so we structured our pricing model accordingly. With ConnectSecure, you get the right solution at the right price point, bundled into a flexible and profitable contract. We charge a set fee per device while you charge your clients what you want. Start paying \$100s — not \$1,000s. That's what we call a sound investment.
